Education

New Jersey Institute of Technology - Albert Dormnan Honors College Newark, NJ

Mechanical Engineering - 4.0 GPA *Sept. 2026 – May 2030*

Experience

Formula SAE/Design Sublead September 2026 - Present

New Jersey Institute of Technology *Newark, NJ*

- Part of the Aero Sub-team -Leading Bodywork, Nosecone, and Side-pod design and Running Aerodynamic Simulations on ANSYS
- Learning how to do resin infusion for carbon fiber plating on the car and how to create molds and vacuum bags for morre complex geometry, such as nosecone.
- Researched about proper side pods design and started working on building the side pods for the car model in SolidWorks to mount two side-pods in this year car

Rocketry Club/Recovery Sublead September 2026 - Present

New Jersey Institute of Technology *Newark, NJ*

- Working on get my Level 1 High Power Certification from the National Association of Rocketry to construct my own high power rockets - expected to get it by December 2026.
- Researching linear magnetic dampers for integration as a payload on NJIT's IREC competition rocket to collect and analyze data on Earth's magnetic field.
- Constructing the recovery parachute system for NJIT's IREC competition rocket and analyzing simulations to ensure a safe descent. Also researching about Carbon Dioxide to release the parachute.

Eagle Scout/Senior Patrol Leader May 2018 – February 2026

Boy Scouts of America - Eagle Scout *Edison, NJ*

- Created the meeting plans for 100+ Troop Meetings, time schedule and activities for 12+ Camps, and monitor the troop meetings for 35+ Scouts
- Created and ran multiple workshops, such as Camping, Cooking, Knot Tying and First Aid to 30+ Scouts, helping advanced there Boy-Scout journey.
- Conducted an Entire Service project, raising fund for the entire project, and presenting to a committee of 10 board members.

Intern July 2023 – Present

NJ Astronomical Association *High Bridge, NJ*

- Operated mutiple telesacopes including a 26-inch Cassegrain telescope, a Celestron StarSense, a Orion Starblast, and a SeeStar
- Led tours around the observatory, including detailed explanations about Stars, Meteors, and Telescopes to 100+ people
- Volunteered at star parties by giving presentations about telescopes, astrophotography, and stars with 100+ attendees

Projects

Ashtronomy Website | *Astrophotography, https://greatash7.github.io/ashtronomy/* May 2023 – Present

- Developed and Coded a website with my friend using HTML, CSS, JavaScript, and Cursor
- Displayed 100+ Astrophotography such as the moon, the sun, the Milky Way Galaxy, and Deep Space Objects
- Used editing software such as Adobe Lightroom and DeepSkyStacker to edit photos
- Used Canon Rebel T8i DSLR and Iphone 13 to capture most pictures

Eagle Scout Project | *Boy Scouts of America,* June 2025 - October 2025

- Created, plan, and lead a service project with over 25+ attendees at the Edison Memorial Tower
- Raised over $1000 in donations for the project, obtained donations from Lowe's and Home Depot to fund majority of the project.
- Built a butterfly garden on a slope by leveling the ground, adding and gluing bricks, and planting flowers to enhance the ecosystem of the park
